SUMMARY

- Full Stack Web Developer with hands-on experience in Java, Spring Boot, REST APIs, and relational databases
- Strong understanding of backend development, authentication (JWT), and scalable application design
- Experienced in building end-to-end web applications using HTML, CSS, JavaScript, and MySQL
- Actively seeking a remote Full Stack Web Development internship to contribute and grow in production environments

EDUCATION

2023 – 2027	KIET Group of Institutions, Ghaziabad Bachelor of Technology (B.Tech), Computer Science	CGPA: 8.35 / 10.0
2022	Moonlight Public School, Muzaffarnagar (UP) Class XII – CBSE Board	94%
2020	Sunrise Public J.H. School, Muzaffarnagar (UP) Class X – CBSE Board	89%

PROJECTS

Real-Time Chat Application Spring Boot Project

- Built a real-time chat application using Spring Boot, WebSocket (STOMP), and MySQL
- Implemented JWT-based authentication and authorization using Spring Security
- Designed 10+ REST APIs for user management and messaging workflows
- Enabled concurrent real-time communication to support multiple active users

Cinebooker: Movie Ticket Booking System Full Stack Project

- Developed a scalable ticket booking system using Spring Boot, REST APIs, and MySQL
- Implemented user authentication, seat booking, and admin management modules
- Designed role-based access control using JWT authentication
- Structured backend logic to handle concurrent booking requests efficiently

Doctor Appointment Management System Full Stack Project

- Built a doctor appointment system using Spring Boot and MySQL
- Implemented patient, doctor, and admin roles with secure authentication
- Designed REST APIs for appointment scheduling and status tracking
- Focused on scalable backend architecture and clean data validation

TECHNICAL SKILLS

Programming Languages	Java, JavaScript, SQL, Python
Frontend Technologies	HTML5, CSS3, React
Backend Technologies	Spring Boot, REST APIs, JWT Authentication, Spring Security, DBMS
Databases	MySQL, PostgreSQL, MongoDB
Tools	Git, GitHub, Postman, IntelliJ IDEA, VS Code

COURSES & CERTIFICATIONS

• Introduction to MongoDB – MongoDB University	Jan 2025
• AWS Academy Graduate – Generative AI Foundations	Sep 2025
• AWS Certified Cloud Practitioner (CLF-C02) – Practice Level	Sep 2025

ACHIEVEMENTS & PROBLEM SOLVING

- Solved 300+ Data Structures and Algorithms problems on platforms like LeetCode and GeeksforGeeks
- Regularly practice algorithmic problem-solving to improve coding efficiency and backend logic
